Ben,

Copying James here since he is one of our rad experts and he will likely be at the PC.
Also copying in Tom since he is writing the QASP.

Scott,

Please take a preliminary look at this draft content. Cecilia wanted me to pass to you for the first look before it goes out for general review. Once I have feedback from you, we'll continue the review process. Feel free to edit whatever you feel necessary, and to add additional questions which you foresee as potentially being asked.

Thanks,
